

FlexiApply Applicant Portal Documentation

FlexiApply is a modern, full-stack web application for managing academic admissions and applications. The platform provides separate interfaces for applicants and administrators, enabling seamless application submission, tracking, and review processes.

Key Features:

- Dual portal system (Applicant + Admin)
- Multi-step application form
- Dark/light mode toggle
- Fully responsive design
- Role-based access control

Tech Stack: React 18, React Router v6, Tailwind CSS v4, Vite, Context API

Project Structure

```
src/  
├── pages/  
│   ├── Login.jsx  
│   ├── ApplicationForm.jsx  
│   ├── ApplicantDashboard.jsx  
│   ├── AdminDashboard.jsx  
│   ├── LandingPage.jsx  
│   ├── InstitutionDetails.jsx  
│   └── RoleSelection.jsx  
├── components/  
│   ├── ui/Button.jsx  
│   ├── ThemeToggle.jsx  
│   └── IntroAnimation.jsx  
├── context/  
│   ├── AuthContext.jsx  
│   ├── ApplicationContext.jsx  
│   └── ThemeContext.jsx  
├── App.jsx           # Routes + Navbar  
├── App.css           # Component styles  
├── index.css         # Tailwind + theme  
└── main.jsx          # Entry point
```

Routes

Path	Component	Description
/	LandingPage	Home with institution listings
/login	Login	Email/password authentication
/apply	ApplicationForm	Multi-step application wizard
/dashboard/applicant	ApplicantDashboard	Track application status
/dashboard/admin	AdminDashboard	Review and manage applications
/institution/:id	InstitutionDetails	View institution details
/portal-selection	RoleSelection	Choose applicant or admin portal

Authentication (AuthContext)

State:

user: { id, email, role, name } | null

loading: boolean

error: string | null

Methods:

- login(email, password) – Authenticate user
- logout() – Clear session
- register(userData) – Create account

Roles: APPLICANT | ADMIN

Access Rules:

Role	Accessible Routes
Applicant	/apply, /dashboard/applicant
Admin	/dashboard/admin
Public	/, /login, /institution/:id

Application Flow

Browse Institutions

Select Program

Fill Personal Information

Enter Academic Background

Upload Documents

Review Application

Submit

Confirmation

Status Workflow: DRAFT → SUBMITTED → UNDER_REVIEW → ACCEPTED / REJECTED

Styling System

Design Tokens:

--color-primary: #0089ba

--color-primary-dark: #006b91

--color-primary-light: #47b9e0

--color-background-light: #f8fafc

--color-background-dark: #0f172a

--font-sans: "Inter", system-ui, sans-serif

Theme: Dark/light mode via .dark class on root element with system preference detection.

Responsive Breakpoints:

Device	Width	Layout
Mobile	< 768px	Single column, stacked
Tablet	768–1024px	Hybrid
Desktop	> 1024px	Multi-column

Core Components

Navbar (in App.jsx)

- Logo and portal name
- Navigation links

- Authentication buttons
- Theme toggle
- Dashboard shortcut (when logged in)

ThemeToggle

Switches between light/dark modes with persistent user preference.

IntroAnimation

Entry animation wrapper that displays loading screen before main content.

Button (ui/Button.jsx)

Reusable button component with size variants (sm, md, lg) and full-width option.

Environment Variables

Create .env in root:

VITE_API_BASE_URL=http://localhost:3000/api

VITE_APP_TITLE=FlexiApply

Troubleshooting

Issue	Solution
Styles not applying	Clear browser cache, restart dev server
Routes not working	Ensure Router wraps entire app
Dark mode flicker	Check ThemeProvider initialization
Build errors	Run npm run build --debug
